South Devon College considers its arrangements for external examining to be an integral and important part of its quality assurance system and is committed to ensuring the presence of at least one independent and appropriately qualified external representative examiner on each of its Examination Panels and Boards.

The primary aims of the College's external examining system are to ensure:

- (i) It is maintaining the threshold academic standards set for its awards in accordance with the frameworks for higher education qualifications, applicable subject benchmark statements and, where appropriate, with the requirements of relevant professional, statutory and regulatory bodies.
- (ii) The assessment process measures student achievement rigorously and fairly against the intended outcomes of the programme(s) and is conducted in line with South Devon College's policies and regulations.
- (iii) The academic standards and the achievements of students are, notwithstanding variations in course content, comparable with those in other UK higher education institutions of which the External Examiners have experience.
- (iv) The quality of the learning opportunities provided to students on its programmes and courses are enhanced.
- (v) Good practice and innovation relating to learning, teaching and assessment is developed.

## **Nomination of External Examiners**

- 1 Nominations for the appointment of External Examiners are the responsibility of the relevant Academic Sections
- 2 Nominations for the appointment of External Examiners must be submitted to the HE Faculty Office for approval 12 months prior to commencement of role
- 3 Nominations should be submitted on the standard form provided by the HE Faculty Office (see below).

## Criteria for the suitability of External Examiners

- Panels and Boards must include at least one External Examiner from outside the College.
- South Devon College will continue to apply the national criteria for the appointment of External Examiners set out in the QAA UK Quality Code for Higher Education (Chapter B7 External Examining). Whilst we acknowledge this QAA Chapter has been replaced, there is no other indicator to reference <http://www.qaa.ac.uk/assuring-standards-and-quality/the-quality-code/quality-code-part-b>

## Person Specification

External Examiners should be able to show appropriate evidence of

- i. knowledge and understanding of UK sector agreed reference points for the maintenance of academic standards and assurance and enhancement of quality;
- ii. competence and experience in the fields covered by the programme of study, or parts thereof;
- iii. relevant academic and/or professional qualifications to at least the level of the qualification being externally examined, and/or extensive practitioner experience where appropriate;
- iv. competence and experience relating to designing and operating a variety of assessment tasks appropriate to the subject and operating assessment procedures;
- v. sufficient standing, credibility and breadth of experience within the discipline to be able to command the respect of academic peers and, where appropriate, professional peers;
- vi. familiarity with the standard to be expected of students to achieve the award that is to be assessed;
- vii. fluency in English, and where programmes are delivered and assessed in languages other than English, fluency in the relevant language(s) (unless other secure arrangements are in place to ensure that External Examiners are provided with the information to make their judgements);
- viii. meeting applicable criteria set by professional, statutory and regulatory bodies;

- ix. awareness of current developments in the design and delivery of relevant curricula;
  - x. competence and experience relating to the enhancement of the student learning experience.
- Where the nominee has no previous experience as an External Examiner for any institution, the appointment should, wherever possible, be made to a team of External Examiners and/or with agreement that a more experienced External Examiner will act as a mentor.

### Conflicts of Interest

- To avoid any conflict of interest, anyone in the following categories or circumstances should not be appointed as an External Examiner:
  - i. a member of a governing body or committee of the appointing institution or one of its collaborative partners, or a current employee of the appointing institution or one of its collaborative partners;
  - ii. anyone with a close professional, contractual or personal relationship with a member of staff or student involved with the programme of study;
  - iii. anyone required to assess colleagues who are recruited as students to the programme of study;
  - iv. anyone who is, or knows they will be, in a position to influence significantly the future of students on the programme of study;
  - v. anyone significantly involved in recent or current substantive collaborative research activities with a member of staff closely involved in the delivery, management or assessment of the programme(s) or modules in question;
  - vi. former staff or students of the South Devon College unless a period of five years has elapsed and all students taught by or with the External Examiner have completed their programme(s);
  - vii. a reciprocal arrangement involving cognate programmes at another institution;
  - viii. the succession of an External Examiner by a colleague from the examiner's home department and institution;
  - ix. the appointment of more than one External Examiner from the same department of the same institution.

- Nominees who have been employed as an external reader in the approval of a programme are not automatically debarred from immediate appointment as an External Examiner to that programme. However, Sections should balance the benefits of engaging someone who is familiar with the programme and its rationale with any risk to their ability to provide a fully independent perspective.
- External Examiners are required to inform South Devon College as soon as possible should any conflict of interest arise during their term of office.

### Terms of office

- The duration of an External Examiner's appointment will be for four years, extensions will not be granted other than in exceptional circumstances, and then for no longer than one year to ensure continuity where a programme is being brought to an end.
- An External Examiner may be reappointed in exceptional circumstances but only after a period of five years or more has elapsed since their last appointment.
- External Examiners may normally hold no more than two External Examiner appointments for taught programmes/modules at any point in time, (thereby not exceeding 480 credits).
- The Appointment shall commence on .....and shall continue until either party terminates the contract by giving to the other not less than three months' notice in writing.

### Exemptions to the criteria

- Exemptions from the criteria will only be approved where exceptional circumstances can be demonstrated. In these instances, a fully argued case should be made by the Assistant Principal on the nomination form.

### Approval of nominations

Nominations should be submitted to the Senior Quality Coordinator HE, who will refer them to the Ratification Panel for approval and subsequent reporting to EE Sub Group. While a Section Head should seek the nominee's agreement in order to put his/her name forward, under no circumstances should a commitment to an appointment be made in advance of the decision of the Ratification Panel or of its Chair on its behalf.

The Ratification Panel is made up of:

- a) The Higher Education Manager or his or her representative (chair)
- b) Vice Principal People and Resources
- c) Senior Quality Coordinator - Academic Standards
