# **SOUTH DEVON COLLEGE**

## **ADMISSIONS POLICY – POST 16 (FE ADMISSIONS, up to & including Level 3 provision)**

### **1 Policy Statement**

South Devon College welcomes applications from all prospective students with the motivation to learn and the potential to succeed. The College is committed to ensuring equality of opportunity for all individuals seeking a place on a programme.

### **2 Scope**

South Devon College will ensure that all applications are dealt with on an individual basis and are considered fairly in line with the College's Single Equality Scheme and Admissions Policy (FE Admissions) outlined below.

### **3 Legislation**

The following legislation applies to this policy

- The Rehabilitation of Offenders Act 1974
- Equality Act 2010
- Data Protection Legislation
- Education Act 2011

### **4 Responsibilities**

Everyone has a responsibility to give full and active support to the policy by ensuring:

- 4.1 The policy is known, understood and implemented.
- 4.2 The Head of Student Services is responsible for the effective implementation of the policy.

### **5 Admission requirements**

5.1 Criteria for Admissions:

5.1.1 The applicant satisfies all pre-course requirements including; completing all electronic forms and paperwork accurately, attending appointments, returning requested forms on time.

5.1.2 The applicant meets the specific entry requirements of a programme or course. Where required, original proof of qualifications must be provided at or prior to enrolment.

5.1.3 Applicants for all full-time courses will be required to attend a welcome meeting either virtually or on-site. This will be carried out by a named

member of staff from the section in which the course is based. This member of curriculum staff is authorised to offer places on courses in their section.

- 5.1.4 The College reserves the right to request references and/or school reports for a potential learner.
- 5.1.5 The applicant is made aware of any fees required (admission to the College is conditional upon the payment, or agreed arrangements for the payment, of any fees by the due date).
- 5.1.6 The College will offer all potential learners impartial advice and guidance from the Helpzone team which includes Level 6 qualified careers guidance professionals and/or course tutors in order to help applicants and learners make informed decisions about their next steps.
- 5.1.7 Applicants will be given the opportunity at the welcome meeting and enrolment to disclose a learning difficulty and/or disability. This information will be passed on to the Curriculum Support Team who will contact potential students to discuss their support needs. Where possible this discussion will take place during the welcome meeting.
- 5.1.8 When completing an application form, students are given the opportunity to indicate that they have a disability, learning difficulty and/or medical condition that may affect their learning. All applicants are offered the opportunity to speak to someone regarding curriculum support. This meeting will take place with a Special Educational Needs and Disabilities Co-ordinator after the student has met with a member of staff from the curriculum section in which the course is based. Information regarding their support needs is discussed and recorded at this time. This will inform an initial assessment profile for the student. The results will inform tutors as to whether the provision of curriculum support would be required. If the College determines that a student will require a level of curriculum or other support, including a risk management plan, to enable them to be successful on their study programme and the student decides they do **not** wish to access this support or follow the plan the College can refuse admission or withdraw enrolment on the basis that reasonable adjustments cannot be met.
- 5.1.9 Any documentation regarding the students' support needs from the students' current education provision will be requested by the Curriculum Support team. The College will reassess based on needs, the support may not necessarily be the same as that given by the previous provider.
- 5.1.10 All applicants will be informed of financial support available to them by way of bursaries before enrolment. They will also be made aware of the potential cost involved in undertaking a course in the form of trips and additional equipment prior to enrolment.
- 5.1.11 Opportunities for applicants to view the College and its facilities prior to the commencement of a course will be organised by holding familiarisation and

keeping warm events throughout the year or by arranged visits upon request. Curriculum support is available at these events should the student require it.

- 5.1.12 Approval from teaching staff is required before places can be offered on certain designated part-time courses.
- 5.1.13 International learners are welcomed onto a predetermined range of programmes (Level 4 or above in line with Tier 4 restrictions) on the basis that their communication skills and previous qualifications, equated to a United Kingdom qualification equivalent, meet the entry requirements of that course. All international applicants must meet the UKBA entry requirements in order to obtain their visa prior to commencing study in the UK.
- 5.1.14 Offers of places and enrolments at the College are made on the basis of there being sufficient demand for the course and there being sufficient spaces available on the course concerned.
- 5.1.15 The College reserves the right to change qualifications offered to accommodate changes in funding policy or awarding bodies. These changes will be communicated with applicants at the time of enrolment or at the soonest opportunity for those who have already enrolled.
- 5.1.16 Where the place being offered is on an apprenticeship programme, as well as meeting the academic entry criteria, the offer of a place is also based on appropriate employment being secured to meet the relevant apprenticeship framework or standard.
- 5.1.17 Applicants may be offered alternative studies, added to waiting lists or advised of other institutions where the course is offered.
- 5.1.18 All communication regarding the admissions process such as invites to welcome meetings and offers of a place will be confirmed via email and through the College online application portal. Reasonable adjustments can be made regarding communication method upon request of the applicant.
- 5.1.19 Applicants are required to provide proof of any prior qualifications, including GCSE results, upon request, usually at enrolment. Failure to do so may result in non-enrolment.
- 5.1.20 To be officially enrolled a learner must have completed an electronic enrolment form and committed to paying the appropriate fee, unless they are eligible for fee remission. This is an important contractual stage in the admissions process.
- 5.1.21 Learners who wish to appeal against any decision made during the admissions and enrolment process should contact the Head of Student Services in the first instance.

To make this decision, a risk assessment will be carried out on each individual case.

5.2.11 The College may ask applicants who have indicated a recent, recurring or serious health problem to allow us to request a medical report on their condition. The College is responsible for meeting reasonable adjustments for students with learning difficulties and disabilities and for keeping a record of the exceptional cases where an applicant is refused admission on the grounds of relevant additional support not being available. In any such cases where a student was refused entry on this basis the College would make contact with other agencies in an endeavour to find suitable alternative provision.

5.2.12 Applicants who do not meet the normal entry requirements for a particular course may be given a place subject to specified conditions. These conditions will be made explicit to the applicant.
