1. HEALTH AND SAFETY POLICY STATEMENT

- 1.1. The College recognises that people are a key resource within the organisation and therefore fully accepts its responsibilities with regard to the health, safety and wellbeing of its staff, students within its care and where appropriate, visitors to its premises, and others who could be affected by its activities.
- 1.2. The College will provide and maintain, so far as is reasonably practicable, working and learning environments, on and offsite, and systems of work, which are safe, without risks to health, and as a minimum satisfy the Health and Safety at Work etc. Act 1974 and associated legislation.
- 1.3. As employer the Board of Governors also understands the need to work in partnership with its leaders and staff in the creation and promotion of the positive health and safety culture necessary to support the College in achieving its overall aim of providing an education of the highest quality and allowing all students to achieve their potential.
- 1.4. In recognising that staff have an important and beneficial contributory role to play in the management of health and safety arrangements, their participation in the consultation process will form an integral part in the planning and development of the safety management system. To assist in this process, effective arrangements for the communication of appropriate information will be formulated.
- 1.5. It is recognised that the control of health and safety is a management function with each level of management/supervision accountable to the one above and responsible for the one below.
- 1.6. Risks will be minimized by forward planning using competent staff trained and resourced to an appropriate extent whilst working to attainable standards.
- 1.7. The College recognises that the effective management of health and safety plays an important role in its overall performance as an educational establishment by;
 - 1.7.1. reducing injuries and ill health
 - 1.7.2. safeguarding students
 - 1.7.3. protecting the environment and by the avoidance of unnecessary losses and liabilities.
- 1.8. Health and safety performance will be subject to regular and routine monitoring, the results of which will be reviewed at least annually in order to maintain and improve where necessary the required standards.
- 1.9. The Organisation section of this document defines the duties and responsibilities of the Board of Governors, Principalship, Senior and Operational management and staff who will implement this Policy in the manner detailed in the Arrangements.
- 1.10. The Board of Governors require each member of staff, as well as all students and visitors to the College to exercise their individual responsibility under health and safety legislation to ensure their acts or omissions do not adversely affect themselves or others; and to cooperate fully with the College and its management.

- 1.11 Without affecting the generality of the above statement, the College will pay particular attention to the implementation of the requirements of the Health and Safety at Work Etc Act 1974 and associated legislation in so far as;
- 1.11.1 The provision and maintenance of plant and systems of work, which are safe, and without risks to health.
 - 1.11.2 The production of arrangements in connection with the handling storage and use of any article or substance to ensure safety and an absence of risk to health.
 - 1.11.3 The provision of suitable and sufficient information training and supervision necessary for health and safety purposes.
 - 1.11.4 The provision and maintenance of workplaces which are safe and without risk to health.
 - 1.11.5 The provision and maintenance of working environments and adequate arrangements for welfare at work.
- 1.12 This policy will be subject to review on at least an annual basis so as to ensure it continues to lead the development of standards of health and safety, which reflect the needs, and aspirations of the College.

2. ORGANISATION

The following section details how South Devon College (SDC) is organised for the management of health and safety by the establishment of responsibilities, accountabilities, duties and relationships which are designed to promote a positive health and safety culture. It will aim to ensure that all within the organisation are committed to the continued development of the safety management system and thereby the health, safety and wellbeing of all staff, students and visitors. This will be achieved by setting expectations and the allocation of responsibilities, accountabilities and duties with regard to the management of health and safety to individuals or groups.

2.1 The Board of Governors

The Board has a responsibility to ensure that:

- 2.1.1. SDC produces a Safety Policy that is appropriate to its activities, and that this policy is reviewed annually;
- 2.1.2. An effective organisation is created for the management of health and safety;
- 2.1.3. SDC devises appropriate arrangements for addressing health and safety;
- 2.1.4. SDC promotes the correct attitude towards health and safety in both staff and students and visitors;
- 2.1.5. SDC management plan and implement the Safety Policy and the supporting safety management system;
- 2.1.6. SDC establishes appropriate financing arrangements to cover the cost of implementing the Safety Policy;
- 2.1.7. Targets for improving the College's health and safety performance are set annually with the aim of ensuring continuous improvement;
- 2.1.8. The Board through its Monitoring Committee routinely and regularly monitors and evaluates the College's health and safety performance, including reviewing the minutes and reports from the Health & Safety Committee, the results of which will form part of the annual review.
- 2.1.9. The Board through its Monitoring Committee receive and review any other audit or inspection commissioned or received by the College.

3. ARRANGEMENTS

Planning is an essential part of the implementation of the College's Health and Safety Policy and thereby achieving its overall aim and objectives with regard to the health, safety and wellbeing of staff, students and others who may be affected by the operation of the College.

3.1. The purpose of the plan is to ensure that:

- 3.1.1. Suitable and sufficient management arrangements, risk control measures, and workplace precautions are designed, developed and installed;
- 3.1.2. The safety management system is and remains effective by operating, maintaining and improving the system to accommodate and reflect changing needs, priorities and the risks presented by the activities of the College.
- 3.1.3. To ensure that the generic organisational hazards affecting the College are properly managed, risk assessments will be carried out and policies, procedures and guidelines produced for implementation by the appropriate leaders.

3.1.4. The areas covered by these arrangements to date are:

- Risk Assessments
- Display Screen Equipment
 - Legionella
- Manual Handling
- Personal Protective Equipment
- Asbestos
- COSHH
- Offsite Working
- Disabled Access/Special Needs
- Permit to Work
- Working at Height
- Provision and use of minibuses
- Waste Management
- Personal Emergency Evacuation Plan
- Lone Working
- Electrical Safety
- Noise and Vibration
- Radiation Monitoring

3.1.5. These procedures will be subject to routine and regular review to ensure they remain valid and effective in addressing their specific risk areas.

- 3.1.6. Additional procedures identified as being required either by the risk assessment process or by the monitoring system will be produced and incorporated in the safety management system on a prioritised basis.
- 3.1.7. Certain other issues relevant to the management of health and safety such as the procedures for behavioural management, selection and recruitment, staff training etc can be found in other cross College policies and procedures.
- 3.1.8. Where appropriate operational information on these and other associated areas will be included in the series of Health and Safety Guidance Documentation. These can be accessed from the College intranet, under the heading of 'Health and Safety'

3.2 Monitoring

To ensure the effectiveness of the Health and Safety Policy in providing and maintaining environments and systems of work which are safe and without risk to health and where appropriate to the environment, the following procedures for monitoring have been established.

- 3.2.1 The Board of Governors will be presented with an annual Health, Safety and Environment report detailing the levels of compliance achieved on the standards set by their Policies.
- 3.2.2 Annually (or more frequently as required) College management and its activities will be audited to confirm that the overall organisation and its systems are effective with regard to the planning and implementation of its Safety Management System.
- 3.2.3 Annually (or more frequently as required) College premises and its activities will be inspected to confirm that Leaders and Staff are satisfying their operational responsibilities and duties.
- 3.2.4 All leaders are required to routinely and regularly carry out safety tours and inspect the areas within their control and where appropriate carry out operational risk assessments on the hazards identified, the results of which will be recorded and retained for the purpose of review.
- 3.2.5 All staff are required to routinely and regularly inspect the areas in which they are working and report any health and safety concern to their line manager.
- 3.2.6 Records of incidents and accidents are routinely assessed to assist in the risk assessment process and in the setting of priorities, where appropriate the manager responsible will carry out suitable and sufficient investigations to determine the cause/s and any remedial measures necessary.
- 3.2.7 The Head of Estates and Facilities or College Health and Safety Advisor will analyse the accident/incident data and prepare statistical information to assist the annual review.
- 3.2.8 The Health and Safety Policy will be reviewed annually to ensure it continues to satisfy the aims and objectives of the College.

3.3 Health and Safety Committee

The Health and Safety Committee will meet termly within the College to provide a forum for joint consultation on health and safety matters.

Membership comprises appropriate senior and line management including Governor representation, and staff representatives. The Health and Safety Committee, as well as fulfilling the statutory requirements, will:

- 3.3.1 Monitor and review the general working arrangements for Health and Safety including the College's Health and Safety Policy;
- 3.3.2 Act as a focus for joint participation in the prevention of accidents, incidents and occupational ill-health;
- 3.3.3 Assist in the development of safety procedures and systems;
- 3.3.4 Monitor the effectiveness of Health and Safety training, communication and publicity;
- 3.3.5 Consider reports and information from the enforcement agencies;
- 3.3.6 Consider accident statistics and trends;
- 3.3.7 Consider the circumstances of individual accidents and causes of reportable diseases;
- 3.3.8 Examine Safety Audit reports and inspections.

3.4 Record Keeping

Record keeping is acknowledged by the College as a means of providing documentary evidence where a need may arise to co-operate with any person or organisation in respect to Health & Safety.

- 3.4.1 Adequate records will be kept on all matters relating to health and safety in College activities.
- 3.4.2 All persons who are nominated to have responsibility for aspects of Health and Safety will have a responsibility for accurate record keeping and monitoring within their own area of activity and responsibility.
- 3.4.3 Where records are required to be kept as a statutory requirement, a provision to maintain these records will be maintained by the Health and Safety Advisor within the Head of Estates and Facilities support area detailed within the particular arrangement procedure.
