

## **SUMMARY OUTCOME OF EXTERNAL BOARD REVIEW 2021**

South Devon College invited the Education & Training Foundation (ETF) to undertake an external board review during the summer term of 2021.

The conclusion of this review was that South Devon College had good governance arrangements in place.

An Action Plan was agreed and implemented during the 2021/22 academic year. It focused on the following areas:

- a) Improving board diversity
- b) Targeted training and development to meet the specific needs of board members
- c) Providing standardised executive reporting highlighting key issues to reduce the volume of paperwork to the Board

The next external board review is being planned for the summer term of 2024. A summary outcome of this review will be added to this report no later than December 2024.
